ABOUT US

Welcome to Hospedia Medicare Pvt. Ltd., a pioneering force in India's medical equipment industry where tradition merges with innovation. With over four decades of expertise, Hospedia Medicare has been a leader not only in shadowless LED operation theatre lights but also in advanced OT tables. Our journey began with a clear vision: to illuminate the path of surgical excellence through cutting-edge lighting and ergonomic table solutions. Today, we continue to uphold our core values of quality, reliability, and cost-effectiveness as we strive to provide comprehensive solutions for modern healthcare facilities.

OUR HERITAGE

With more than four decades of extensive experience in surgical solutions, Hospedia Medicare has established itself as a frontrunner in the medical field. Our heritage is rooted in innovation, excellence, and a steadfast dedication to enhancing patient outcomes. We take pride in our reputation as a reputable entity, not only within the Indian healthcare sector but also on a global level, providing enduring products that meet rigorous standards of practice and durability.

OUR VISION

Leveraging our established expertise in lighting solutions, we have expanded our dedication to excellence into the field of operation tables. Hospedia's Table Solutions reflect our unwavering commitment to the healthcare sector, presenting a diverse range of products meticulously designed to cater to the varying needs of medical professionals. Every table is intricately crafted for longevity, precision, and optimized to elevate efficiency and elevate patient care standards across diverse medical environments.

OUR COMMITMENT

At Hospedia Medicare, we're more than manufacturers; we're partners in progress with healthcare providers. We delve into their challenges, offering solutions that go beyond expectations. Our commitment transcends products; it's about understanding needs, enhancing care, and fostering enduring collaborations that elevate the standard of healthcare delivery.

Advanced Manufacturing Infrastructure

At Hospedia, our relentless dedication to customer satisfaction propels us to innovate and create state-of-the-art surgical lighting and OT table solutions at our advanced manufacturing plants. These facilities prioritize sustainability and efficiency, integrating modern technologies while upholding rigorous quality benchmarks.

Our manufacturing facilities are equipped with comprehensive in-house capabilities, including Research and Development, manufacturing, assembly, and service-repair centers. This integrated approach enables us to maintain strict control over the entire production process, ensuring the highest levels of quality and reliability in every product we deliver.

We have established a robust network to provide swift and responsive support to our customers. Our dedicated service support team specializes in OT Equipment installation and maintenance, staffed by highly skilled engineers who are committed to delivering consistent and timely assistance.

The collaborative efforts of our manufacturing, research, and quality assurance teams are focused on enhancing the user experience through a diverse range of products. Each product undergoes rigorous testing and quality assurance measures to guarantee optimal performance and user satisfaction.

At Hospedia, we are dedicated to driving innovation, delivering exceptional products, and providing unparalleled service to our valued customers.

Our Infrastructure

Situated in the heart of Haryana, Gurgaon, India, our state-of-the-art manufacturing facility boasts strategic access to top-tier suppliers, vendors, and a robust ecosystem dedicated to supporting the manufacturing, assembly, and innovation of our OT lights. Our unwavering focus on sustainable practices ensures that our products are not only cost-effective but also environmentally conscious, boasting an extended operational lifespan to minimize wastage.

Utilizing cutting-edge clean technology devoid of halogens, CFCs, or mercury content, our products are engineered for superior performance and environmental stewardship. Through meticulous product design, we have achieved a remarkable reduction in power consumption by up to 70%, all while maintaining optimal light intensity essential for surgical precision.

Our extensive product portfolio is the culmination of years of rigorous research and hands-on experience. We take immense pride in delivering world-class technology that enriches user experience and sets industry benchmarks. This achievement is made possible by our fully integrated approach encompassing in-house manufacturing, meticulous assembly processes, and stringent quality testing protocols.

Backed by a seasoned research team operating from our cutting-edge research center, we continuously push the boundaries of innovation to bring forth products of unparalleled quality and reliability.

Equipped with top-of-the-line machinery and world-class facilities, our manufacturing plant serves as the nucleus of innovation, enabling us to incorporate the latest advancements in surgical lighting technologies into our esteemed product range.

The QUEST for Excellence in OT Tables

Legacy Goes On...

The QUEST for Excellence in OT Tables

HOSPEDIA LEGACY SERIES

WELCOME TO THE WORLD OF PRECISION AND INNOVATION WITH HOSPEDIA LEGACY TABLE. OUR LEGACY IS BUILT ON DECADES OF EXPERIENCE IN CRAFTING TOP-NOTCH SURGICAL EQUIPMENT, AND THE LEGACY TABLE IS A TESTAMENT TO OUR COMMITMENT TO EXCELLENCE.

ADVANCED CONTROL SYSTEM:

THE LEGACY TABLE FEATURES AN INTUITIVE CONTROL SYSTEM, ALLOWING SURGEONS PRECISE CONTROL OVER PATIENT POSITIONING DURING SURGERIES.

VERSATILITY:

WITH MULTIPLE CONFIGURATIONS AND ACCESSORIES, THE LEGACY TABLE ADAPTS TO VARIOUS SURGICAL PROCEDURES, ENSURING OPTIMAL PATIENT COMFORT AND SAFETY.

DURABILITY:

ROBUST ENGINEERING ENSURES STEADFAST STABILITY AND SUPPORT DURING METICULOUS SURGERIES.

PATIENT-CENTRIC DESIGN:

THE ERGONOMIC DESIGN OF THE LEGACY TABLE PRIORITIZES PATIENT WELL-BEING, PROVIDING SUPPORT AND STABILITY THROUGHOUT SURGICAL PROCEDURES.

HOSPEDIA LEGACY SERIES

SPECIFICATIONS

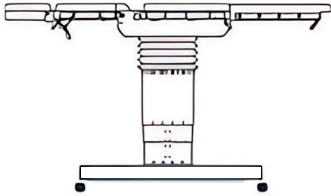

| Specification | Parameter | Remarks |
|-------------------------|----------------|--------------------------------|
| Length x Width | 2070mm x 525mm | Width with siderail |
| Lifting Range (Up-Down) | 980mm - 680mm | Electric, Without mattress |
| Kidney Bridge | 126mm | Electric/Manual (Optional) |
| Trend/Reverse Trend | 31°/31° | Electric |
| Abduction | 90° | Manual |
| Longitudinal Shift | 310mm | Electric |
| Tilt (Right/Left) | 21°/21° | Electric |
| Head Plate (Up/Down) | 50°/93° | Pneumatic Spring Removable |
| Back Plate (Up/Down) | 82°/32° | Electric |
| Leg Plate (Up/Down) | 50°/93° | Pneumatic Spring Removable |
| Load Bearing | 300Kg | Safety Loading Capacity- 250Kg |
| Battery Backup | (Optional) | (Optional) |
